GOVERNMENT OF INDIA MINISTRY OF RAILWAYS

LOK SABHA UNSTARRED QUESTION NO. 1791 TO BE ANSWERED ON 21.09.2020

REFORMS IN RAILWAY ADMINISTRATION

1791. SHRI NATARAJAN P.R.:

Will the Minister of RAILWAYS be pleased to state:

- (a) whether the Government has taken a decision to bring reforms in Railway administration and operations in the recent past;
- (b) if so, the details thereof;
- (c) the reasons for undertaking such reforms and measures along with the objectives aimed at through such reforms; and
- (d) the time by which these are likely to come into effect?

ANSWER MINISTER OF RAILWAYS AND COMMERCE & INDUSTRY (SHRI PIYUSH GOYAL)

(a) to (d): Yes, Sir. Ministry of Railways had constituted a Committee in 2014 under the chairmanship of Shri Bibek Debroy on bringing reforms in Railway administration and operations through mobilization of resources for major Railway projects and Reorganisation of Ministry of Railways and Railway Board. The Committee had presented its report and recommendations to Ministry of Railways in June 2015.

Some of the recommendations have already been acted upon/partially acted upon and the remaining are under examination. The details of the recommendations of the Committee along with the status are appended

APPENDIX- REFERRED TO IN REPLY TO PARTS (a) TO (d) OF UNSTARRED QUESTION NO. 1791 BY SHRI NATARAJAN P.R. TO BE ANSWERED IN LOK SABHA ON 21.09.2020 REGARDING REFORMS IN RAILWAY ADMINISTRATION

(a) to (d): The details of the recommendations of Debroy Committee along with status are as under:

S. No	Recommendation details	Status
1.	Off-line activities such as Medical, Security, Schools should be separated from IR's core business i.e. running trains. State Governments should bear the entire cost, not just 50% for the GRP.	Outsourcing of non-core activities is being done on a regular basis.
2.	Railway Board to function like Corporate Board for IR- Policy by MoR, competition to be ensured by RRAI	Partially acted upon. Railway Board has been re-organised on functional lines. Resolution for setting up of Rail Development Authority(RDA) has been notified. RDA has been envisaged as an advisory/recommendatory body which is yet to be operationalized. However in the context of the limitation, being advisory in nature, a regulatory mechanism with statutory backing is being considered to meet the requirement of changing scenario like private passenger train operators and other public private partnership ventures. Accordingly a study is being undertaken.
3.	Composition of Board should be a) Member Traction and Rolling stock; b) Member Passenger and Freight Business; c) Member HR and Stores; d) Member finance and PPP; e) Member Infrastructure and two outside and independent experts. Board Members and GMs should	functional lines as per the decision of Union Cabinet done in September 2020, which is as under; a)Chairman and Chief Executive Officer(CEO); b) Member Infrastructure; c) Member Traction and Rolling Stock; d) Member

	have at least three (3) years of	e) Member Finance.
4.	Re-organise Group-A services into 2 streams - Logistics & Technical and merging of Railway	A residual service of one year has been laid down for the posting of Members & Chairman. A residual service of 2 years has been laid down for the post of General Managers and equivalent. Cabinet has approved, inter alia, creation of a new group -A central service called Indian Railway
	Board Secretariat Services(RBSS) with Central Secretariat Services (CSS).	Management Service(IRMS), merger of existing 8 organized services into IRMS and reorganization of Railway Board. The modalities will be finalized in consultation with DOP&T and approval of Alternative mechanism. Merging of Railway Board Secretariat Services(RBSS) with Central Secretariat Services (CSS) is not implemented.
5.	Re-organization/rationalisation of Zones and Divisions to reduce their total numbers	Under Examination.
7.	Empowerment of General Managers of Zonal Railways - Full powers for expenditure, reappropriations and sanctions, subject to meeting earnings targets. Zones should become independent and autonomous and may even compete among themselves. Decentralisation to Division level;	As regards re-appropriations, Board has issued relaxation in the delegation of powers of reappropriation to General Managers on 16.02.2017, whereby the Zones are now empowered to re-appropriate any amount of fund from one work to another, within same plan head and within same source of funds. Further relaxation of these powers is being
7.	Divisions to be treated as independent business unit and DRMs to be empowered for handling all types of tenders of the division.	made from time to time Significant autonomy and empowerment has been given to zones and divisions since 2017 by way of delegation of administrative and financial powers.
8.	Integrate and synergise works such as cleaning, IT initiatives,	Acted upon.

Therefore, targets for completion of			
Railway Projects are decided			-
annually and execution taken up.			
21. Increase in productivity is Efforts to increase the productivity of			
1 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2	possible from bette	r utilisation of	the existing capacity of asset are

	existing capacity and assets to	continuous exercise and various
	improve operating and scheduling practices	initiatives in the passenger and freight segment have been taken such as;
		(i) Increase the passenger capacity by introduction of 24 coach trains (ii) Introduction of 16 coach length EMU/DMU in production of new wagons with higher pay load tare ratio. (iii) New design introduced of freight wagon with higher through put per rake to achieve better utilization of existing infrastructure. (iv) Improving the capacity of maintenance infrastructure by gradually outsourcing of activities not directly related to train safety and
		technology. (v) Introduction of improved infrastructure facilities in rolling stack maintenance facilities etc.
22.	IR should focus on remunerative freight segments and e-commerce segment which has been so far untapped by IR.	Accepted. Focus is on growing e- commerce and parcel business.
	Concession commercial operation of train like Rajdhani/Shatabdi for a upfront/annual premium; private operator will have freedom on pricing of tickets for a portion of the capacity.	
24.	Ownership of general purpose wagons including coal, coke, ore etc. to private sector	A new scheme for attracting private investment in ownership of general purpose wagon has been introduced.
25.	Rationalise/make customer friendly the RDSO processes of procurement of new wagons, clearance of wagon design	Several initiatives have been taken towards improving the RDSO process for procurement of new wagons and clearance of wagon designs. (i) Approval process

26	Single window clearance for	on manufacturers being procured through vendor portal for applications and approvals. (ii) IT based monitoring of quality assurance procedures followed by manufacturers. Acted upon.
20.	approval of construction of ICDs/PFTs	Acted upon
27.	Setting up of an Investment Advisory Committee of experts, investment bankers, etc. to help raise resources for investment. Existing assets of IR to be leveraged to raise resources and institutions created like InviT, NBFCs.	Partially acted upon.
28.	Make private sector, both foreign and domestic entry in IR more attractive and viable by changing the existing norms.	The items indicated alongside are within the purview of RDA.
29.	Switch towards e-tendering with emphasis on long duration rate contracts at divisional/zonal levels.	100 % supply tenders are invited as e- tenders on publically accessible e- portal i.e. www.ireps.gov.in. Policy on long Duration Rate Contracts at Divisional/Zonal Railways and enabling instruct-tions were issued by Railway Board.
30.	All 'A1' and 'A' type stations should be manned by ex-cadre gazetted officers as Station Managers having a tenure of at least two years.	Acted upon.
31.	NAIR should be assigned the status of University for in service training and also for imparting education/training in the field of management offering specializations in the various areas like HR, Finance, Marketing, Communications, Branding, Logistics, Transport Management etc.	National Rail Transportation Institute (NRTI), a deemed University, has been operationalized at Vadodara from September 2018.

32. IR should have a vibrant performance assessment system driven by enhanced objectivity and transparency. IR should institutionalize credible, transparent and fair mechanisms for recognition and award of excellence in the organisation.

New performance appraisal system has been introduced on the basis of DOP&T's instructions.
